## **China tells Trump: If you want trade talks, cancel tariffs**

Date : 2025-04-24 | Source : BBC

<https://www.bbc.com/news/articles/c8dglmm5j52o>

China has urged the US to remove its tariffs on Chinese goods to demonstrate a genuine commitment to resolving the ongoing trade war, despite no current trade talks taking place between the two nations. The conflict has intensified, with both countries imposing significant tariffs on each other's imports, and China returning Boeing planes as part of its retaliation. While President Trump has signaled a willingness to negotiate, tensions remain high, with mixed messages from US officials about the status of trade discussions.
